Description

Our Pocket Door is ideal for any pocket door application. Doors can be mounted on almost any pocket door framing system, but perfectly integrate with the 1500 Heavy Duty Pocket Door Frame Kit by Johnson Hardware (recommended).

Frame

Clean & simple, yet sleek frame design. Our aluminum extrusion frames are ideal for use in both professional or residential applications. Systems are fully finished on both sides with virtually no visible screws or fasteners. Standard frame size is three inches wide. Overall thickness is one and three-eighths inches.

Interlayer

Our Woodgrain Interlayers are made from premium solid surface laminated panels. Each are super-durable with superior resistance to wear and impact. Surface finish simulates an expertly sanded and multi coat satin finish often found on upper class wood products. This finish is stain and fade resistant (sunlight) and easy to clean. Each panel is sourced from materials with a high percentage of pre-consumer recycled content and support regional materials credit for LEED® building projects along the West Coast.

Frame Finish

Aluminum frames are offered in high-quality, durable anodized or powder coat finishes: Anodized Aluminum, Dark Espresso, Snow White and Knight Black. Custom powder coat colors are available.

Door Pull Hardware

Heavy-duty Door Pull Hardware available in Satin Nickel or Polished Brass finish. Door Pulls installed and shipped with doors.

Framing System

Door can be mounted on almost any pocket door framing system (sold separately). For ease of installation and availability, we recommend the 1500 Heavy Duty Pocket Door Frame Kit by Johnson Hardware. These kits are the highest quality frames on the market and can be found at most fine hardware or contractor supply stores.

www.johnsonhardware.com

Dividers

Our doors may optionally be fitted with 1 to 5 horizontal dividers that are finished to match the door frame. Dividers are installed at factory.

Green Building

Perfect for consideration in LEED®-certified projects.

The LEED® (Leadership in Energy and Environmental Design) Green Building Rating System is the nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

'LEED' is a trademark owned by the USGBC (U.S. Green Building Council).

Made in the USA.

Pocket	1 Door	Opening Width (inches)	Opening Height (inches)	Interlayer	Frame Finish	Door Hardware	Dividers (ea door)
				WNM - Norwegian Maple	AA - Anodized Aluminum	Flush Pulls	0
